MASSED RED ASSAULT IN KOREA BROKEN

Red China's Chief Has Disappeared; Oriental Mystery

**Mao Tse-Tung May Be in Russia
Observers in Far East Theorize
But, If So, Purpose Is Unknown**

HONG KONG, Feb. 15—(AP)—Observers of China scene began to express curiosity today about the whereabouts of Red China leader Mao Tse-Tung.

They noted he had failed to appear at three important functions in the last couple of days.

Reports in this strategic vantage point said last month that Mao had gone or was going to Moscow to confer with Premier Stalin on the Korean war and other Asiatic developments.

The reports appeared to have been the result of speculation at the Chinese Nationalist capital, Taipei, and were not regarded seriously here at that time.

Mao's last known public appearance in Peiping was Jan. 26, when he attended the celebration of Indian National Day.

The huge Chinese-sponsored celebration of the first anniversary of the Chinese-Soviet treaty signing was held last night in Peiping. Nearly all Chinese Communist government and party leaders were reported there, along with all foreign diplomats. But not Mao.

Two hours earlier, Russian Ambassador N. V. Roshchin gave a cocktail party at the Russian embassy. Reports listed Chinese Red government and party leaders there up to Premier Chou En-Lai and Gen. Chu Teh, the Reds' army commander. But not Mao.

On Tuesday, Hugo Valvanne, Finland's envoy to Red China, was received officially in Peiping, but not by Mao. The honors were done by Li Chi-Shen, one of the few non-Communist members of the Red government.

Communist propaganda describing these events did not mention the absence of the Reds' No. 1 but his name was glaringly missing from the lists.

Mao does not always attend such functions.

U. S. Gives Burma Ships

RANGOON, Burma, Feb. 15—(AP)—The United States gave Burma four naval patrol vessels today for use against rebels. The four have Burmese crews trained in the United States. Six other similar vessels are expected shortly.

Probe of Athletics at OSU by State Legislature Asked

COLUMBUS, Feb. 15—(AP)—The House finance committee was asked today to investigate Ohio State University's athletic department expenditures.

Rep. Harold W. Oyster, (R-Washington) made the request in a resolution submitted to the House of Representatives.

He said activities of university officials had brought criticism on the school, and made it known as "the graveyard of football coaches."

Ohio State presently is engaged in choosing a new football coach to succeed Wes Fesler, resigned. The resolution also noted the Ohio State-Michigan game was played here last November in a blizzard despite reported objections by coaches of both teams.

Meanderings By Wash Fayette

I was down in the basement of the Court House Wednesday afternoon, when I heard there was going to be a party in honor of St. Valentine. Members of the Court House staffs gathered in the county health office, where Gretchen Darlington was busily heating water over a Bunsen burner for coffee.

Next to her on the table was a delicious cake baked in the shape of a heart and covered with icing and coconut.

Everyone had a fine time and were pleasantly filled with the cake and coffee.

The cake, by the way, was baked by Miss Darlington.

This party is only one of several which the congenial gang at the Court House has throughout the year. When they run out of birthdays to celebrate, they need only an event like St. Valentine's Day as an occasion for another celebration.

New Building Controls Are Clamped Down

**Credit Is Limited
And Licenses Are
Now Required**

WASHINGTON, Feb. 15—(AP)—Two building controls aimed at combatting inflation and saving materials for defense became effective today.

One requires federal licensing for new commercial construction. The other requires a 50 percent cash down payment on a vast range of non-residential construction.

The licensing system replaces a general ban that has been in effect on most such building since Jan. 13.

The credit-tightening order applies to stores, offices, hotels, banks, warehouses, garages, service stations, restaurants, theaters, clubs and "other new structures used for non-residential purposes."

The order was issued yesterday by the Federal Reserve Board.

Meanwhile, economic stabilization director Eric Johnston told the House ways and means committee that legislation will be submitted to Congress to "equalize and stabilize" farm prices and industrial wages. Johnston did not give details of the proposals, but said they will be "equitable and fair."

Three Exceptions

Under the construction licensing program, new projects will be authorized only if the National Production Authority finds that they (1) further the defense effort, (2) are essential to public health, welfare or safety or (3) will alleviate or prevent a hardship to a particular community.

Eighteen Commerce Department field offices are authorized to accept applications for building licenses.

Officials expect the system to hold new commercial construction far below the \$1,500,000,000 level of last year.

Applications for building permits must contain plans, specifications and material lists.

Types of construction affected also include:

Motels and tourist camps, barber and beauty shops, laundry and dry cleaning establishments, shoe repair and tailor shops, undertaking and cemetery buildings, community and neighborhood buildings, retail stores and shopping centers and storage warehouses for personal effects.

Construction costing less than \$5,000 in 12 months is exempted from licensing controls but not from the new credit curb. This specifies that not more than 50 percent of a new non-residential construction job may be financed by borrowing.

The same limitation applies to non-residential repairs, enlargements or reconstruction if they exceed 15 percent of the appraised value of the existing structure.

The Reserve Board also limited the maturities of loans for non-residential construction to 25 years and required that the principal be paid off in installments, not in a lump sum after the maturity date.

The order does not apply in cases where the credit is extended under a firm written agreement made prior to today.

Chuck Holes in Streets Are Your Own Lookout

ZANESVILLE, Feb. 15—(AP)—If your auto hits a chuck hole you've got our sympathy, the city council said last night.

But no money. Chuck holes are results of the weather, not of any street department negligence, the council said, drafting a resolution to prohibit filing claims against the city.

County Returning to Normal From Handicap of Ice Sheet

With the weatherman predicting slightly warmer temperatures, residents of Fayette County were hopeful of some relief from the sheet of ice which has turned walking and driving into guesswork for the last couple of days.

Before the warmer temperatures were to arrive some more freezing rain was forecast for Friday.

Meanwhile, the county schools opened up their doors again Thursday morning and the superintendents planned to open again Friday morning unless there was a sudden change for the worse in the weather.

In the absence of rainfall Thursday, streams of the county generally stayed within their banks.

Wednesday night the mercury went no lower than 24 degrees, and by 8 o'clock Thursday morning it had gone up to 25.

The ice storm slowed travel and disrupted communications. Schools in many areas were closed.

Most of Oklahoma was hit by from two to seven inches of sleet and snow.

Six Divisions Are Called for, Committee Told

WASHINGTON, Feb. 15—(AP)—Administration plans contemplate that six U. S. Army divisions—triple the American forces now in Europe—will serve with the combined Allied armies being organized to defend western Europe against possible Communist aggression.

Secretary of Defense Marshall gave the figure which means sending over four additional divisions, to the Senate foreign relations and armed services committees.

Marshall gave no over-all figure as to numbers of men. But an American army division consists of about 18,000 men. In addition, support elements—supply and maintenance, communication, transportation and other units—are needed to keep combat forces in a state of readiness.

The United States now has in Europe the First Infantry Division and a constabulary force—equivalent to a second division—trained and equipped for field combat, yet the last official indication of troop strength in Europe was about 97,000 men. Thus more than 60,000 men of the present force presumably are in support elements.

The Senate committees are considering whether Congress should adopt a resolution of some nature concerning the "troops-to-Europe" issue.

Secret Is Let Out

In ripping the top-secret label off this much of the government's blueprint for defending western Europe, Marshall emphasized that the aim of the forces is to keep the peace.

He said the intention is:

1. "To deter aggression if that be possible, and

2. "To defeat aggression if, in spite of all our efforts, the actions of the Soviet Union or its satellites should precipitate another world war."

As to any congressional stand, Marshall strongly urged that the legislators should not do anything which would tie the hands of Gen. Dwight D. Eisenhower, as commander of Allied forces, by limiting the number of troops that could be placed under his command.

The proposed six U. S. divisions under Eisenhower would be part of a total contemplated defense force of about 40 divisions.

In addition to the U. S. ground forces, here would also be American air and naval units in the combined defense forces.

Marshall said:

"Because of the great amount of discussion which has been centered on the subject of ground forces, I have obtained the express permission of the president to discuss with you the specific strength of the ground forces which the United States has planned to maintain in Europe in the present emergency."

"I take this step reluctantly because of the security considerations involved -- but I have reached the conclusion that there is a greater peril to our security through weakening the morale of our Allies by a debate based upon uncertainties, than can possibly be through the public disclosure of our planned strength figures."

"To be specific, the joint chiefs of staff have recommended to me, and I have so recommended to the president -- a policy with respect to our forces in Europe which looks to the maintenance by us, in Europe, of approximately six divisions of ground forces."

"We already have there, on occupation duty, about two divisions of ground forces. Our plans, based on the recommendation of the joint chiefs of staff, therefore contemplate sending four additional divisions to Europe."

Senators shepherding it course hoped to call it up for debate today. No opposition was in sight. The House already has passed it.

Relief Forces Get Through to Allies in Trap

Screaming Commies Finally Run Away After Slaughter

By OLEN CLEMENTS

TOKYO, Feb. 15—(AP)—An Allied relief column smashed through a Chinese Red ring today to reinforce American and French forces holding the Chiyoung anchor on the Central Korean

warfront.

The relief force battled eight hours before breaking through to the Chiyoung perimeter at 5:30 P. M. (3:30 A. M. EST.) The action began five miles south-southwest of the town.

The hard-hit Chinese finally broke and ran.

Chiyoung, 35 air miles east-southeast of Seoul, is the left flank anchor of a 20-mile Allied defense line stretching over snow-mantled hills and valleys to Wonju, key to the central mountain passes.

The American-French garrison stoutly withstood two days of massed Red infantry assaults to help break the back of the drive aimed at cracking the central front. The Communist push was stopped Wednesday.

Red casualties were counted at 10,593 on all fronts Wednesday. It brought to nearly 100,000 those killed, wounded or captured since the Allied limited push by hunter-killer columns began Jan. 25.

Chinese on the Run

AP Correspondent John Randolph reported the Chiyoung garrison radioed the Chinese were "fleeing in all directions" after the relief column rammed through from the south.

However, AP Correspondent William J. Waugh reported more than 1,000 Reds were dug in on high ground north of the town.

One the western front, American doughboys and artillery wiped out 400 Chinese who sneaked across the Han River Wednesday night near Seoul.

It was the second consecutive and disastrous Red attempt to cross the icy stream near the burned-out former capital. More than 1,100 Korean Reds were killed there in a foray early Wednesday.

Lt. Remer Y. Brinson, Savannah, Ga., a frontline platoon leader, said 200 Chinese survivors broke and fled for the Han in panic. Not one reached the river alive, he added.

Elsewhere on the frigid front Allied forces were making limited counter-attacks.

Red Slaughter Continues

The mounting toll of Chinese and Korean Reds rose even higher from unceasing attacks by Allied war planes. U. S. Fifth Air Force bombers and fighters flew a record 696 sorties in clear weather Thursday.

Most flights were in close support of ground units which had successfully rolled with the Red punch between Wonju and Chiyoung towns.

French, Dutch, South Korean and American forces checked the Red drive along a 20-mile front of ridges and a wide valley between those two towns. A field dispatch described the scene as "Death Valley."

Hundreds more Chinese and North Korean Reds met a violent end in today's fighting on the central front. The breakdown on Red casualties on that front alone Wednesday was 3,075 killed, 2,305 wounded by ground action alone.

While the fighting continued on the central and western fronts at reduced tempo, South Korean Marines secured two small islands commanding Wonsan Harbor far up on the Sea of Japan coast.

The east coast landings were made Wednesday on Cho and Rei Islands some 90 air miles north of parallel 38 and about 130 miles north of the main battlefield.

It had been reported at first that the South Koreans landed on the mainland, but U. S. Naval officials said Thursday the operation was confined to the two islands. The navy said the landings were of secondary importance.

But seizure of the islands, both close inshore, gives the Allies control of Wonsan's harbor. Red supplies and reinforcements funnel through the coastal city to the central front from staging areas in the northeast Korea.

Clearing skies Thursday gave Far East Air Force bombers and fighters a better shot at Red troops and supply lines on the battlefront and northward.

Big Turnout at Soil Meet Here

Reed and Cook Urge More Legumes

E. P. Reed, widely known extension agronomist from Ohio State University, told some 80 farmers and on-the-farm veteran trainees Wednesday night that at least 50 percent of total crop land should be given over to some type of legumes.

Harry Cook, agronomist for the Ohio Farm Bureau Federation, shared Reed's opinion on the matter of improving soil tilth in a speech to the group.

Veteran instructors present were Horace K. Wilson, Willard Bitzer, and Harry Allen.

Cook emphasized the importance of always trying to attain maximum yields on each acre of the farm for the highest profit. Charts and graphs showing results found at the Ohio Agricultural Experiment Station, offered convincing proof of the statement.

Both speakers emphasized the need for such a program in a county such as Fayette.

Many farm owners and managers have been cropping to the extreme, and this has affected greatly the presence of organic matter in the soil, the speakers pointed out.

been cropping to the extreme, and this has effected greatly the presence of organic matter in the soil, the speakers pointed out.

Refreshments were served by the Fayette County Farm Bureau Cooperative Association. Those assisting with the refreshments were Fred Shoop, Allen Sells, Frank Boso, Ben McQuinnif, and Cecil Van Zant.

The meeting was co-sponsored by the Fayette County Agricultural Extension Service, Agronomy Committee and the Farm Bureau Cooperative Association as a further effort to bring information to the farmers about farming management. Both speakers indicated that management was responsible for 75% of the farm net income.

County to Normal

(Continued from Page One)

Falls area were relieved by snow which ranged from four to six inches.

Other wet spots today were Arkansas and Louisiana. The mild spell appeared ended in most of the eastern states, but fair and warm weather continued in the south Atlantic states.

The north central region got a little warming, but it was sub-zero again today in Wisconsin and Michigan. Low readings included 19 below zero at Cadillac, Mich., and -16 at Lone Rock, Wis.

Warmer air from the Rocky Mountains moved into the northern plains while in the far west temperatures were a little above normal.

The cold air which broke the spring-like weather in the east moved over the north Atlantic states and southward along the Appalachian Mountains into

southern Texas. At Washington, D. C., the mercury dropped from 70 degrees at noon to 36 last night. New York's early morning low of 27 compared to yesterday's top of 44.

Mainly About People

Mrs. Robert Roberts of Sabina, is a patient in Memorial Hospital, for treatment. She was admitted Wednesday.

Mrs. Harry Canterbury, Route 4, this city, was admitted to Memorial Hospital, Wednesday. She is a patient for medical treatment.

Mrs. Charles Simpson and infant son, were released from Memorial Hospital, to their home 132 West Elm Street, Thursday morning.

Mrs. John H. Hughes of near Jeffersonville, was returned from Mercy Hospital, Springfield, to her home. She is recovering from surgery.

Mr. and Mrs. Edwin Oranhood were moved by the Thompson Transfer Company from 227 Draper Street, to 420 North Fayette Street, Wednesday.

Mrs. Edwin Rumer and infant daughter were released from Memorial Hospital and returned to their home, 220 Henkle Street, Wednesday afternoon.

Mrs. Andrew Loudner Sr., of the Mark Road, was brought to Memorial Hospital, Wednesday afternoon in the Gerstner ambulance. She is a patient for observation and treatment.

Mr. and Mrs. Raymond Stephens moved Thursday from 324 Broadway to their newly purchased home, 752 High Street. The Thompson Transfer Company moved their household goods.

Miss Leona Scott, daughter of Mr. and Mrs. Stanley Scott, a student at Ohio University, Athens, has been pledged to Alpha Gamma Delta Sorority. Miss Scott is enrolled in Medical Technology.

The three weeks old son of Mr. and Mrs. Robert Borton, who has been a patient in Memorial Hospital for treatment, since birth, was released Wednesday afternoon and taken to his home in Wilmington.

AK3 Robert Van Dyke, who has been spending a two weeks furlough at the home of his parents, Mr. and Mrs. Kermit Van Dyke, of the Mark Road, has returned to the naval base at San Diego, California, where he has been stationed for the past two years.

Robert F. Crossen, U.S.N.R., has returned to duty at the Naval Air Station, at San Diego, Calif., after a short stay here, where he was called by the death of his father, Theodore Crossen. He is a member of the Aircraft Maintenance Squadron 691.

Mrs. Wayne Rhonemus and infant son, Steven Joe, were released from Memorial Hospital Thursday afternoon, and taken in the Gerstner ambulance to the home of Mrs. Rhonemus' parents, Mr. and Mrs. Delbert Eye, 329 East Elm Street.

'Be My Valentine' Repeated Many Times in Schools Here

"Be my Valentine," was repeated thousands of times in thousands of ways Wednesday afternoon, when St. Valentine's Day was observed in each of the five elementary schools in Washington C. H.

Some of the school principals reported that St. Valentine's Day has attained a place of prominence on the school calendar second only to Christmas.

Blushing youngsters find that

the celebration affords them their best opportunity for expressing their feeling about little tikes of the opposite sex. And there was much comparing of the number of Valentines received with those of other youths in the elementary schools.

At Cherry Hill, Central and Eastside the room mothers added to the festive occasion by passing out refreshments to the youngsters.

Enterprising youngsters at Rose Avenue School used money which they raised from the refund of sales tax stamps to pay for small baskets of candy and ice cream which were passed out to each pupil at the school.

At Sunnyside School the youths brought various types of refreshments and shared them with other youngsters in the rooms. For example, one child brought all-day suckers while another brought a box of cookies.

One of the major jobs which developed in connection with the observance of St. Valentine's Day was in distributing the piles of gaudy yet romantic Valentines to the youngsters.

In some classrooms each child had his own box. But in most classrooms the names of those receiving Valentines were called out, and the colorful messages delivered to those for whom they were designated. There was a host of "secret admirers" turned up, according to reports.

Rev. McCarty Heads Ministers

Visitation Evangelism Planned Here Soon

Plans for the visitation evangelism, to be conducted by churches of this city from Feb. 25-27, and the election of officers for 1951 were features of the Fayette County Ministerial Association meeting held here this week.

The visitation evangelism, follow-up to a recent religious census, will be undertaken by workers to be selected by pastors of participating churches.

The workers will be schooled in their work in three training conferences, the first of which is to be held Sun., Feb. 25, at 2 P. M. at the First Baptist Church. The second, a supper meeting, will be held at the Grace Methodist Church at 6 P. M. Monday, with the third to be held at 6 P. M. Tuesday at the First Presbyterian Church.

Rev. Allan W. Caley, pastor of the Grace Methodist Church and past president of the Fayette County Ministerial Association, will be in charge.

Rev. F. T. McCarty, pastor of the first Baptist Church, was named association president for 1951. Rev. Harold J. Braden, pastor of the First Presbyterian Church, was picked as vice president; Rev. Forrest Moon, pastor of the Jeffersonville Methodist Church, was named as secretary and Rev. Guy Tucker was elected as treasurer.

Blessed Events

Mr. and Mrs. Russell Hawkins Route 2, this city are the parents of a seven pound five ounce daughter born in Memorial Hospital Wednesday evening.

City Council Meet Here Is Postponed

The regular session of city council was postponed from Wednesday night to sometime within the next few days.

The reason given was that two or three of the members could not attend.

FAYETTE COUNTY YARDS
WASHINGTON C. H. - Fayette Stock Yards—Top hogs, \$23.40; sows, \$19 down.

WASHINGTON C. H., Feb. 15—(Union Stock Yards Wednesday Sale)—Cattle receipts, 225. Market was very active and all classes sold steady and strong as compared to last week. No real good cattle on sale. Best cattle here was just good short feds that sold \$15.50-\$15.75; several lots sold at these prices. Medium grade steers and heifers \$20-\$21.50; plain kind short feds \$25-\$28; common kinds \$20-\$25; good beef cows \$20-\$27.50; medium grades \$22-\$26; canners and cutters \$18-\$22; thin shelly kinds \$15-\$18; \$25-\$30.20; stock sheep and heifers \$20-\$25. Calf receipts, 40. Top calves at \$13.50.

25 days prior to May 8. Sen. Mechem said the emergency measure applies particularly to a proposed levy for playground and park operation at Warren. He said Lancaster also may use the bill to submit a special tax levy to the voters instead of imposing a city income tax.

The Senate also approved Governor Frank J. Lausche's five appointments to the reclamation board of review, including: Wilbur D. Matson, McConnellsville; Forest W. Dean, Wooster; and Layton DeLaurer, North Lima (Mahoning County).

YOUR HOME OWNED SUPER MARKET

Our "SELF CONTROL" Brings You LOWER MEAT PRICES

The strict controls we exercise over the quality, cutting, trimming, storing, and selling of meats act as efficient and effective controls on our prices. We are more watchful, less wasteful, in the way we handle meat and that means that our prices are consistently lower — day after day, week after week. It is this "self control" that assures you of choice cuts of top grades of meat at prices that give you more good eating for the money. Enjoy one of our meat department "specials" — you'll be convinced.

Income Tax Questions

Using 1040 Short Form

By JAMES MARLOW

WASHINGTON, Feb. 15 —(P)—Anyone with under \$5,000 income can make his 1950 income tax return on the 1040 short form.

It's for the under-\$5,000 people who can't use the simpler form 1040-A because they didn't have any tax or enough tax withheld in 1950.

With the short form there's no tax figuring. You answer questions and find your tax in the table on page 4.

The ~\$5,000 people using form 1040 as a short form get a standard deduction of about 10 percent of their income for personal expenses.

You don't have to claim that deduction or itemize it. You just get it. If your deductions were more than 10 percent, don't use the short form. You'll lose money.

Instead, use form 1040 as a long form. Which means: you must figure your own tax on page 3 and itemize all your deductions. But then you can claim them in full.

Be sure you attach to the short form --before turning it into the tax collector--any form W-2, the withholding receipt, given you by a boss for taxes he withheld from you in 1950.

When husbands and wives file a joint return on the short form, both must sign it. Otherwise, the collector will consider it a single return.

Couples puzzled as to whether

to file jointly should remember this:

If one of them had income but the other didn't, they can't lose by filing jointly on the 1040 short form, providing that their total income was under \$5,000.

When a couple's total income is under \$5,000, but each had some, in most cases -- but not all -- they'll save money filing jointly on the 1040 short form.

Since there are exceptions, when both partners in a marriage had income -- total under \$5,000--they should check the tax table carefully to see whether they'll save by filing jointly or separately on the 1040 short form.

And remember this one: suppose a couple had total income under \$5,000. Husband and wife each had some of it. One of them wants to use the 1040 long form in order to itemize deductions to get more than the standard 10 percent allowed with the long form.

Can the other just go ahead and file separately on the 1040 short form?

No. When one uses the 1040 long form to itemize, the other must use the 1040 long form and also itemize.

If husband and wife have total income of \$5,000 or more, although the individual income of each was under \$5,000, they can file separately on the 1040 short form, but not jointly.

Or they can file jointly on the 1040 long form. In that way they can split their income to reduce their tax.

Not much instruction is needed for handling the short form. Answer the questions on page 1 --and in some cases on page 2 also -- and find your tax in the table on page 4.

Be careful, in using the table, that you find your tax in the

column which gives you all the exemptions you can rightfully claim.

When you are finished, tear off page 1 and turn it into the collector any tax you owe. If you should get a refund, mark that in the proper place on page 1. The collector will send it to you.

Here are some examples of using the short form.

Smith, single, no dependents, income of \$4,365. Of that, \$4,000 was in salary from which full tax was withheld. The other \$365 was in dividends or interest from which no tax was withheld.

Looking down the gray income columns, he finds that his \$4,365 is in there between \$4,350 and \$4,400. Since he's single, with no dependents, he can claim only one exemption, for himself.

Then in the white columns, under the one which shows the tax on a person claiming only one exemption, he finds that the tax on such a person with income between \$4,350 and \$4,400 is \$616.

Say that during the year the boss withheld \$553 from Smith. The latter finds now he owes \$63, the difference between \$553 withheld and the total tax due on him, \$616.

So after filling out the return, and signing it, he closes a check for \$63, addressed to the "Collector of Internal Revenue" for the district in which Smith lives.

Note this: Last year on form 1040 anyone with income from dividends or interest merely listed the amount in the proper place on page 1.

The form has been slightly changed this year on this point. Now you list the amount, as before, in answer to question No. 3 on page 1 but on page 2 -- in the place called schedule A -- you must give the name of the corpor-

The Record-Herald, Thursday, Feb. 15, 1951 5
Washington C. H., Ohio

ation which sent you the dividends plus the amount.

If it was interest you got, you list the name of the person who paid it to you, plus the amount, in schedule B on page 2.

Take Jones. Say he had the same amount of income as Smith, \$4,365, but was married and had one child. His wife had no income and they file a joint return. Counting the child, the Joneses get three exemptions. The tax on them is \$372.

But suppose Mrs. Jones, with no income, absent-mindedly forgot to file a joint return with her husband. He still gets three exemptions -- one for himself, one for his dependent child, and one for his wife, since she had no income -- but his tax would be \$376. By failing to file jointly, the Joneses didn't get the benefit of splitting their income to get a lower tax.

By the way: the tax in the table on form 1040 which you use, for making your return on 1950 income is slightly higher than the tax in the table on the form 1040 you used last year in making return on 1949 income.

That's because the tax was raised, starting last October. (Tomorrow: Using the long form).

Annual Rotary Ann Dinner Proves Delightful Success; "Mr. Ramshaw" Makes a Hit

Following the usual custom on Valentine Day, the Washington C. H. Rotary Club members again honored their Anns and guests in a most outstanding social event Wednesday evening, when they entertained at a six-thirty o'clock dinner and an evening of entertainment.

Huge valentine hearts in red and white outlined with lacy patterns adorned the walls of the spacious lounge at the Washington Country Club, and floated from the chandeliers, also dotting the mantels banked with greenery.

At long snowy white tables, guests were seated for the delicious turkey dinner. Decorations were carried out in arrangements of red carnations with heart-shaped valentines at intervals the entire length of the tables, adding to the attractive adornments.

Places were found marked with programs also featuring frilly valentines.

Rotarian William Clift led the group in the singing of America, accompanied by Mrs. Marian Gage. Rotarian Rev. Harold J. Braden pronounced the invocation and Rotarian President William Himmelsbach welcomed the Anns and guests preceding the congenial dinner hour.

Later, Rotarian Secretary Dr. Stewart B. Smith introduced the

guests and asked that all Rotarians and their Anns stand to be identified. Rotarian Clift led in the singing of a group of songs and the president presented attendance awards.

Rotarian Dr. L. L. Pumphrey was presented the award for perfect attendance for 25 years, and Rotarian Rell G. Allen, for 21 years, with 41 other Rotarians receiving recognition for perfect attendance from one to nine years.

The feature of the evening's program was something entirely different. The speaker was Capt. C. W. R. Knight, an Englishman, who has traveled much about the world as a naturalist and lecturer.

He brought with him "Mr. Ramshaw," a live eagle. The huge bird has accompanied him in his travels for years and plays a prominent part in Capt. Knight's humorous talks. Several times the bird in response to his master's signal flew about the hall and onto tables near guests, creating much laughter and diversion.

Capt. Knight's talk was largely a story of "Mr. Ramshaw" and the adventures of the two of them. The talk was interspersed with much humor and was well received by the guests.

Afterward President Himmelsbach introduced Rotarian Ray Brandenburg who gave a response, thanking the speaker for his part in the evening's entertainment. Ray added quite a bit of local humor in his remarks.

Lovely favors were presented the Anns by a committee consisting of Rotarians Gilbert Crouse, Clyde Snodgrass and Eli Craig.

Other committee co-chairmen were: decorations; Rotarians Helge R. Petersen, Charles Duntun, Walter Patton and Joe Peters; food; Fred Rost, and Ansel Kirkpatrick; programs; Al Senter and Edmond Woodmansee; ticket sales, Allan White, Quinn Cheadle, Rev. Allan Caley and Dewey Sheilder; reception, Paul Pennington, Webber French, L. M. Hayes and Selby Gerstner.

Guests included with Rotarians and their Anns were: Mrs. Wayne Bower, Mr. and Mrs. Dale Ward, with Rotarian and Mrs. Ray Brandenburg, Mrs. Porter Campbell with Rotarian Joe Campbell, Mr. and Mrs. William Humphries with Rotarian and Mrs. Arthur Finley, Mrs. Lorena Littleton with Rotarian William Himmelsbach, Mrs. Elsie Hopkins with Rotarian and Mrs. Ralph Penn, Miss Helen Simons with Rotarian and Mrs. Hoy S. Simons, Miss Bess Shoop with Rotarian Dr. Stewart B. Smith, Mrs. Lydia Williams and Mrs. Forest F. Tipton, Miss Elsa Petersen with Rotarian Edmond Woodmansee, Mrs. Alice Renick with Rotarian Ann Mrs. W. L. Stinson and visiting Rotarian Bob Lisk with Rotarian and Mrs. Al Senter.

Plans Completed For New Fire Bomb

WASHINGTON, Feb. 15—(AP)—A new napalm fire bomb, smaller but more effective than the type in service, has been developed in Japan for use in Korea.

The air force said today in reply to a query that a contract to manufacture the new bomb has been let in Japan and deliveries will begin soon.

The new bomb has a 90-gallon capacity, one-fourth less than the 120-gallon tank now used. Napalm, which is jellied gasoline, weighs about six and one-half pounds to the gallon.

Girls, You're on Your Own; Artificial Curves Tabooed

PARIS, Feb. 15—(AP)—Women will have to get along on their own curves this spring, say American buyers in Paris for the new models.

"It's goodbye to all cushion effect"—padding in rag-trade jargon—"That makes women look what they aren't," says Jacques Linker, managing director of Linker and Herbert Inc., of New York.

"Most buyers go to all the big-name houses but it's Christian Dior who always sets the pace," he explained. "And this spring Dior says definitely no padding, so women will have to get along without it."

The buyer for Macy's, Mrs. Amy Fagan, is also enthusiastic about the new, unpadded look of the models being shown by Dior and Spanish Designer Balenciaga.

"American women will have the new, unpadded, dropped shoulder line, and simple neckbands instead of collars on their suits and coats this spring and I think they'll like it," she said.

Mrs. Orville Collins of Filene's of Boston believes that Dior's new "bell" shirt -- a glorified peg-top style that tapers towards the hem -- is one of the most flattering of the new spring designs.

"These skirts have just the slim line American women love. They take a lot of trouble dieting to keep nice, slender figures and they like to show them off with slender skirts."

"All women like to look chic, but above all young," continued Mrs. Collins. "and the simple styles chosen for them this season will certainly do that."

In direct contrast to the super-feminine fashions in prospect for daytime wear American women will have regal-looking crinolines for evening.

"I think they'll go for them in a big way," enthused Mrs. Elizabeth Fairall, veteran buyer for Garfinkel's of Washington, "after all, is there anything more flattering than a crinoline?"

Mrs. Fairall considers one of the new season suits will be the most important feature of any woman's wardrobe this spring.

"Not the fancy type but the new, very simple style," she said "nothing looks smarter than a woman wearing a good suit with just the right accessories."

Although there are slightly few-

er American buyers in Paris this season, due to the unsettled world situation, there is no doubt that once again the Paris fashions will be copied the world over this spring and summer.

Buyers say they are having to cut down purchases because prices have increased.

"At Dior", every manufacturer has to guarantee to buy at least \$1,000 worth of stuff before being allowed even to see the show," the buyer said.

"Other houses vary considerably in their 'entrance fee' but none of them are as high as Dior," he added.

However, all buyers aren't economizing this season. One leading manufacturer is known to have placed an order for no less than \$16,000 worth of models with Dior.

Burke Families Are Honored At Dinner

Mr. and Mrs. George Burke, Sr. and Mr. and Mrs. George Burke, Jr., and their son, George Lee, were guests of honor at a covered dish dinner entertained at the home of Mr. and Mrs. W. A. Melvin on the Creek-Rockbridge Road, and the guests included neighbors of the Burkes, who expect to leave the community soon. A shower of lovely gifts were presented the honor guests and following a pleasant dinner hour the remainder of the evening was spent in informal card games and visiting. Those enjoying the delightful event were: Mr. and Mrs. John Merritt, Mr. Norman Merritt, Mr. and Mrs. Damon Merritt, Mr. and Mrs. Calvin Johnson, Mr. and Mrs. Frank Kaufman, Mr. and Mrs. Paul Keefe and son Joe, Mr. and Mrs. D. G. Waters, Mr. and Mrs. Lonnie Price and son, Mrs. Mazie Price, Mrs. Sylvia Rothgerry, Mr. and Mrs. Roger Acton and Mr. and Mrs. Howard Burke and family.

Guest Speaker Of Class Is Miss Burris

Mrs. W. A. Lovell extended the gracious hospitality of her home to the members of the True Blue Class of Grace Methodist Church for the regular monthly meeting.

Miss Ruth Sexton was in charge of the opening devotions which included scripture reading from Matthew and an article from the Upper Room. The brief business session was presided over by the president Mrs. Paul Haines during which reports of the standing committees were heard and accepted.

Valentine message signed by members were to be sent to shut-ins of the class. Mrs. Ruby Hensley program leader, introduced Miss Linda Lovell in a beautiful piano solo "The Scarf Dance." Mrs. Rosamond Burris was next presented and she gave a splendid history of the National College For Christian Workers in Kansas City, Missouri, where she received her degree. She also showed slides of the college which were extremely interesting.

Following her talk a social hour was enjoyed during which the group lingered for informal visiting over tempting refreshments served by Mrs. Lovell and her assisting hostesses Mrs. Ruth Hensley, Mrs. Paul Kiefer, Miss Ada Reichenbach, Miss Ruth Sexton, Mrs. Warren Schleich and Miss Minnie Graves.

"Music and Our Heritage" Was Interesting Theme Used On Cecilian Program

Henry Van Dyke's words "The glory of the present is to make the future free," expressed the theme of the inspiring program of American patriotic music presented by Miss Margaret Gibson at the regular monthly meeting of the Cecilians Wednesday evening at the lovely home of Mrs. Fred Ensen. Assisting Miss Gibson were violinists Mrs. Charles Sheridan and Mrs. Otis Core; soprano soloist Miss Christine Switzer; piano accompanists Mrs. George Pensyl and Mrs. Donald Schwaigert and a vocal ensemble with Mrs. L. F. Everhart and Miss Switzer sopranos, Mrs. Wayne Wodyard and Mrs. Russell Giebelhouse second sopranos, Mrs. G. B. Vance and Miss Eleanor Leiter altos, Miss Gibson also served as accompanist and Mrs. Pensyl directed the group singing.

Songs selected for the program were from those in our American heritage which "reflect a genuine battle against slavery and tyranny" and express a desire for freedom and peace.

From our first century of national life, the entire group sang "America" and "Yankee Doodle" and the violinists played a patriotic medley arranged as a duet.

"The Battle Hymn of the Republic" was cited by Miss Gibson as a great battle hymn which, although inspired by the tremendous issues of a civil war, contains no word of sectional strife or bitterness and survives as a great national hymn. "Dixie" by Dan Emmett, "Marching Through Georgia" by Henry Clay Work, "Tramp, Tramp, Tramp," the Northern Army prisoner's song by George Root and "When Johnny Comes Marching Home," the Negro tune jotted down by Patrick S. Gilmore, were also mentioned as outstanding examples from this period.

"America, The Beautiful," written by Katherine Lee Bates in 1895, was sung by the group to Samuel A. Ward's popular tune, "Materna," and "The Recessional" by Kipling, written in 1897 and taken to heart by the American public during the pre-World War I years, was sung most effectively by Miss Switzer to DeKoven's setting.

Considering the songs of the last two wars, authorities pronounce those of World War I the better. Top song of that war and perhaps all wars is said to be "Over There."

Most notable of World War II songs is probably Irving Berlin's "God Bless America" written in 1917 and made public in 1939.

Poet's Corner

THEN AND NOW
We talk about the distant past,
When snow laid on the ground,
From early fall to days in March,
Now on same track we're bound.

We do not seem to like it though
As in the days of old;
I do not know just why it is,
Unless not dressed for cold.

Our shoes are thin, some legs are bare,
Some wear no hats at all;
Gone is the veil and flannels red;
They're gone beyond recall.

It would not do to live again
As in the past long gone;
We would not like the old ways now;
With time we must march on.
May M. Duffee,
Washington C. H., Ohio

Rose Group Of Blue Birds Hold Meeting

The Rose Blue Bird group of Sunnyside, met at the Sunnyside School. The president Shelby Tubbs called the meeting to order and the secretary, Diane Thompson gave her report. A numbers game at the blackboard was most enjoyable and the girls finished painting their flower pots which is a project. Mrs. John Bath guardian presented each girl with a valentine and read them an interesting story. After singing a group of songs the meeting was closed.

Mrs. Loma Wolfe Is Hostess To WSCS Members

Members of the White Oak Grove Women's Society of Christian Service met at the home of Mrs. Loma Wolfe Wednesday afternoon for the postponed February meeting, which opened with the hymn, "Break Thou The Bread of Life". Mrs. Donald Rife conducted the devotional period reading Scripture and led in the repeating of the 23rd Psalm in unison. Prayer by Mrs. Rife closed the worship period. Mrs. Kyril Betz, president introduced Mrs. Clarence Rowe, leader of the study book, "We Seek Him Together" and the theme for the afternoon was "Why I Make a Study Of Worship". After an interesting talk on the subject by Mrs. Rowe, she closed with the

nounced in two WLW radio programs.

Mrs. Dunn announced the Cecilian program for March, to be held at the home of Mrs. William Lovell and to consist of a presentation of music from the opera "Faust" with a complete cast of men and women.

At the conclusion of the business session, a delicious dessert was served from a tea table centered with an arrangement of gladioli. Mrs. Craig presided. Chairman of the hostesses Mrs. Core was assisted by Mrs. Martha Armstrong, Miss Elsa Petersen, Mrs. Edwin Wagner, Mrs. Russell Giebelhouse and Mrs. Ensen.

poem "The Shepherd" and a circle of prayer. The usual reports were heard and accepted and plans were discussed at length for the serving of the alumni banquet for the Highland High School students on March 24.

Activities for the month were 56 cards sent, twelve visits, four flowers sent and seven donations. Roll call was responded to by fourteen members. The business session was followed with a program led by Mrs. Howard Williams who used as her topic "Health Of The American Indian" and gave a most interesting talk on the subject. A social hour was enjoyed by the members during which Mrs. Wolfe served a dainty refreshment course assisted by her daughters Mrs. Harold Hewitt and Mrs. Harold Gordon. Mrs. William Theobald was included as a guest.

Campbells Honor Young Son On Birthday

Mr. and Mrs. Harry Campbell entertained at a buffet supper Wednesday evening and included members of the family to celebrate the third birthday anniversary of their son, Michael Brent. One large table seated the guests after being served and the centerpiece was a lovely arrangement of red carnations and at one end was the beautifully decorated heart-shaped birthday cake topped with three candles. Michael received many beautiful gifts for which he expressed his thanks in a sweet childish way. Informal visiting was enjoyed the remainder of the evening. Guests included were Michael's grandparents Mrs. J. F. Fuels, Mr. and Mrs. Clarence Campbell, Mr. and Mrs. Howard Dellinger, Mr. and Mrs. Loren Reif daughters Mary Lou and Lorna Jo, Mr. and Mrs. Joe D. Campbell and son Ronny and daughter Sue, Mr. and Mrs. George Campbell daughter Sandra and son John and Mr. David Looker.

A Swedish experimental attempt to improve tree seed production by drawing steel bands tightly around trunks to prevent downflow of sap is being tried in the U. S.

Tax Payments

(Continued from Page One)
more Fayette Countians are availing themselves of this method to avoid the inconvenience of coming to the Court House and possibly standing in line at the paying desk.

The treasurer said he and everyone in the office was glad to put in the extra time, after hours if necessary to accommodate the taxpayers who mail in their checks. He added that the trend "seems to be growing... as the people realize how much time and trouble it saves them."

Tax bills are mailed to all property owners at the start of each collection period for their convenience, he said. The law provides for that service.

Many Pay in Advance

For some unaccountable reason, Fabb said, "nearly 75 percent of the owners of real estate are paying their taxes for the full year now."

It was this advance payment that led the treasurer to predict that "\$425,000 and maybe more" will be paid in before the March 10 deadline for this collection period.

On the books for collection is a total of \$315,567.69. Of this amount, \$300,627.86 is charged against real estate. The remainder is for delinquent taxes (\$10,392.51); ditch assessments (\$2,-

342.63); delinquent city sewer charges (\$808.74); city sewer construction assessments (\$1,366.20); weed cutting assessments (\$6); Oak Street improvement assessment (\$7.96); old street lighting assessment (\$13.16) and delinquent Scioto-Sandusky Conservancy assessment (\$2.63).

If the treasurer's estimate of full year tax payments continues at the present rate nearly \$100,000 in taxes will be paid in advance during this collection period.

And, the present rate of payments is taken to indicate that there will be few delinquent taxes after March 10, Fayette County, incidentally, has one of the lowest, if not the lowest, rate of tax delinquency in the state.

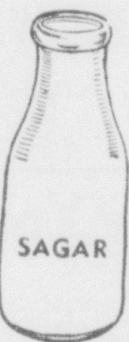

Avalanches and Floods Take Big Toll in Alps

ROME, Feb. 15 — (AP) — Bad weather continued today to cause avalanches, landslides and floods in many parts of northern Italy. Already 21 persons are known to have died since Sunday in Italy and Switzerland.

From Bolzano, the Italian News Agency ANSA reported snow has been falling steadily in the mountains and that it has been raining in the Bolzano Valley for four days. New landslides have blocked railroads, roads, telephone and telegraph communications.

THE LIGHTER SIDE OF WAR is to be given in "At War with the Army," a Paramount comedy booked to open Sunday at the State Theater here. In the above scene from the picture, Dean Martin is trying to explain to beautiful Polly Bergen what Dean Ruth is doing behind the door.

White House Political Influence Behind Reserve Board Feud, Claim

By SAM DAWSON
NEW YORK, Feb. 15 —(AP)— Cheap money is what the treasury and the Federal Reserve Board are feuding about—publicly. But some bankers contend that the real issue is: Shall the nation's chief credit agency, the Federal Reserve, be kept clear of political control by the White House?

To the average citizen, all the squabbling about pegging the price of government securities above or below par, raising or lowering interest rates by one-fourth of one per cent, manipulating yields in the bond market—is just so much Greek.

Bankers will tell you, however, that these complicated, and dull, proceedings go a long way in determining whether you have a good economic times or bad—and, just as directly important to you, in deciding whether your dollar buys 100 cents worth in the marketplace, or only 50 cents worth.

In many of their operations the Federal Reserve and the treasury

are necessarily closely tied together. But their policies can differ at times—with the most honest of intentions on both sides.

The treasury—which is responsible to the White House and carries out its fiscal policies—has two very good points in the present dispute: interest rates should be kept low on the federal debt for economy reasons; and investor confidence in government securities should not be shaken by sharp fluctuations in the price of bonds.

Board Set Up in 1913
The Federal Reserve—which reports only to Congress and was set up in 1913 to influence credit conditions for the best interest of industry, agriculture and commerce—takes this view: It must protect the purchasing power of the dollar, by regulating the flow of credit through boosting interest rates, and thus stopping the surge of inflation.

This is a nation which operates on credit. One of the chief func-

tions of the banking system is to provide the credit that moves the crops from the fields to the stores, the metals from the mines to the auto dealers' showrooms, where your money finally settles the tab for the farmer and the miner, and all the ones in between.

The Federal Reserve is supposed to provide an adequate supply of currency, to equalize the credit supply throughout the nation, to eliminate seasonal credit strains, and to influence credit conditions to keep the economy on as even a keel as possible.

To this end the board's federal open market committee buys and sells government securities. The theory is: 1. To half runaway speculation or soaring bank credits, Federal Reserve banks sell government securities, sopping up money the banks might otherwise use for loans to expand industries or inventories; 2. To cushion a slump, Federal Reserve banks buy government securities from the banks, making credit easier and giving banks more money to lend businessmen.

Unusual Situation
In the present case, however, bankers say the Federal Reserve has been forced to work against itself. By doing the treasury's bidding and buying up government bonds to support their price and hence their low interest rates, the Federal Reserve banks have

been making credit easier and thus aiding inflation.

Bankers say this has counteracted the board's other moves against inflation: its tightening of installment credit terms, its boosting of bank reserve requirements and stock market margins. The treasury replies: higher interest rates would have little effect on inflation anyway.

The Federal Reserve has had to keep an eye on one political necessity or another from its very start. The 12 reserve banks opened their doors in November, 1914, with a world at war and American finances and security markets in turmoil. The board helped the U. S. government finance its part in World War I. Then it had to see the banks through the 1920-21 slump.

Late in the twenties the Federal Reserve tried to curb financial speculation by yanking up interest rates dramatically, but too late. After the fiscal collapse the reserve helped rehabilitate the banks. Throughout the thirties it was called upon to cushion the depression by an easy money policy. Finally, the treasury commanded Federal Reserve support for cheap money to finance World War II.

The board's attempt to break away from that cheap money policy still championed by the White House, and to send up interest rates to squeeze some of the

water out of the inflated currency, brought on the present feud with the treasury.

Many bankers say the Federal Reserve must fight clear of any White House domination. Others say the present national emergency is a poor time to do it.

Carpet Sale Halted As Freeze Protest

NEW YORK, Feb. 15 —(AP)— Smith and Masland Carpets were withdrawn from sale today pending relief from the government's price control order.

Alexander Smith and Sons Carpet Company and C. H. Masland and Sons, for which Smith is sole selling agent, said without a

price increase. "We find ourselves in an impossible economic situation."

On January 24, the companies notified the Office of Price Stabilization that they intended to raise selling price approximately 17½ percent on February 1 due to soaring and uncontrolled wool prices.

Two days later, on January 26, a general price freeze was announced.

"In view of this," the joint statement said, "Smith and Masland refrained from putting their new prices into effect pending clarification of their position."

"So far, we have received no

affirmative response from the Office of Price Stabilization to our requests to carry out the scheduled increase."

In telegrams to its sales offices throughout the country, they were instructed to accept no more orders for any products after the close of business today.

Scioto-Sandusky Future in Doubt

**\$8,155 Contributed
To Fund by County**

The fate of the 17-county Scioto-Sandusky Conservancy District, to which Fayette County already has contributed \$8,155.14, today faced an increasingly uncertain future.

The prosecutors of Delaware and Union Counties have asked that the district be dissolved by order of the district court.

The conservancy district was formed several years ago as a semi-public work project. Its purpose was to conserve water, raise the underground water table and control floods throughout the Scioto-Sandusky River basin through a series of dams on the tributary streams.

From the start, there have been many in Fayette County who contended that this county would benefit more than slightly from the project.

Judge Harry M. Rankin has been Fayette County's representative on the district court or governing board. He has been admittedly lukewarm toward the project.

Levy for Contribution

The county's \$8,155.14 contribution has been raised through a levy of two-tenths of a mill on real estate.

County Auditor Ulric Acton said the \$8,155.14 was paid into the conservancy fund to cover preliminary costs of the project and not toward the actual development of the conservancy.

Refunds, based on a revision of railroad property valuations, amounted to \$289.24, Acton declared but, he added, the refunds have not yet been made to the county.

The district's fate was thrown into question by a motion before the district court made by Delaware County Prosecutor Clyde E. Lewis and Union County Prosecutor Luther L. Liggett.

A ruling on the motion was promised by the court later today.

The court, composed of common pleas judges of the 17 counties in the district, convened today to hear arguments on the district's "official" flood control plan for the Scioto and Sandusky River valleys.

Three-Party Motion

The prosecutors moved for a court order specifying (1) that the district directors not incur additional expenses, (2) that the district be dissolved and (3) that it be dissolved.

The motion was based on a contention by the prosecutors that 17 counties within the district are owed a total of \$15,000. This money, Lewis said was advanced to the district from the county general funds in 1935 and has never been repaid.

Lewis asserted that the conservancy's cash balance, as of Dec. 31, 1950, was \$18,909. He said outstanding claims total \$15,000 and that continued hearings are incurring more expenses, putting the district into insolvency.

Both Lewis and Liggett contended the \$15,000 should have been repaid when revenue was received from property assessments levied in 17 counties in 1947.

They contend the law provides for this refund.

The hearing was to receive objections on any project included in a proposed official plan. This was prepared by district engineers.

Mill Creek Reservoir, proposed for construction two miles up Mill Creek from Bellpoint, was taken first. This was announced by presiding Judge Myron Gessaman of Franklin County.

Lewis immediately threw a tangle into proceedings asking delay of the hearing. He pointed out Delaware County Common Pleas Judge Fred A. McAllister was not present.

Hearing resumed at 10:15 A. M. with McAllister's arrival. It was then that Lewis and Liggett made their motion.

Allen Pretzman and Whitney

Dillon, district counsel, contended the motion was not based on existing law. They said law providing for refunds to counties has been amended and no longer does so.

The argument between district attorneys and the two prosecutors continued to noon recess.

Discipleship Day Is Sunday

**Rev. J. M. England
To Be Speaker**

Rev. J. Martin England will preach at both afternoon and evening sessions for Discipleship Day next Sunday at the First Baptist Church.

REV. J. M. ENGLAND

Mr. and Mrs. England have given two terms of service, under the American Baptist Foreign Mission Society, far up in the hills of Burma.

After their first furlough in 1939, war conditions made it impossible for them to return to Burma until January, 1945.

After their return, Mr. and Mrs. England helped to restore church and school buildings that had been bombed and "burned during the war."

Administration of relief in areas especially hard hit by the war also took up a large part of Rev. England's time in the early months after the war. He also planned to set up a demonstration farm, but bandit activity made it difficult to carry on and the work was suspended temporarily.

Other highlights of the Sunday program will include a transcribed message from the president of the American Baptist convention. There also will be a discussion on discipleship, conducted by the young people of the church and the church officers.

Loren Wilson will lead group singing and a film, "Discipleship Through Our Baptist World Mission," will be a part of the evening service.

After the potluck supper at 5:45 P. M., time will be given to view the exhibits representing the ten mission stations.

The public is invited.

The site of a small French colony established in 1564 near Jacksonville, Fla., may have been submerged when army engineers altered the course of the St. Johns river 40 years ago.

The bark beetles that carry Dutch elm disease are immune to DDT.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

THE TWO YOUNG LADIES (shown above) seem to be wrapped up in the goings on in Washington C. H. High School auditorium, where members of the City Teacher's Association have been practicing for their play, "Weep No More My Lady." The youngsters, Pat and Martha Jane Woodyard, watch the dress rehearsal Wednesday evening. "Marty," right, plays Little Ann Eliza in the play. Both girls are the daughters of Mr. and Mrs. O. W. Woodyard. The play is to be given next Monday and Tuesday evening at the high school auditorium. (Record-Herald Photo)

Monopoly in Funeral Business Charged Against State Board

COLUMBUS, Feb. 15—(P)—Investigations of examinations Statements the state board of funeral directors and embalmers have operated a monopoly in the qualification of directors and embalmers were made before a special House committee investigating irregularities in the administration of various state boards and commissions.

The statements came as the committee launched its investigation of reports examinations and grading of papers have been "unfair."

Lyman Brownfield, a Columbus attorney, said he represented numerous applicants who had failed examinations.

He said he had nine or 10 actions pending in Columbus and other cities seeking to force the board to grant licenses.

He said from conversations with his clients he was convinced "the only way to get a license is through the courts."

He told of an incident in which he was examining graded papers in the board offices and that he overheard two members conferring in an adjoining office. He identified them as C. L. Stout, of Nelsonville, and Howard B. Cox of Akron.

He said he was unable to say who made the statement, but he quoted the board member as saying: "We have got to be careful how many we are letting in the business—if we don't there will not be enough business to go around."

Brownfield further testified his

investigations of examinations have convinced him the examination has "consistently departed" from the field of embalming. He cited such questions as "what is a blue baby?" And asserted many of the questions "dealt with a patient rather than with a cadaver."

Earlier Stout told the committee that for a period of years the board has delegated to Thelma Main, the sole power to grade all papers at the rate of \$1.31 cents an hour. Stout said he saw nothing unusual in such a procedure.

He said he was unable to say who made the statement, but he quoted the board member as saying: "We have got to be careful how many we are letting in the business—if we don't there will not be enough business to go around."

Ingenious Propaganda

**Communists Use American Radio Technique
To Arouse Anti-American Feeling in Germany**

PRAGUE, Feb. 15—(P)—"Why does the United States want war and why do Russia and the people's democracies want peace?" That's the \$140 question being asked thousands of citizens in and around Pilsen (Plzen), the city that beer made famous.

Adopting a soap-selling tactic of America's radio, the district committee of peace defenders and the Pilsen Communist newspaper Pravda are selling pro-Soviet propaganda.

In a promotion story, Pravda said the postman would deliver double postcards containing 10 questions to every family in the city and to tens of thousands in the surrounding countryside.

The person turning in the best answers will get a 7,000 crown (\$140) radio. The second prize is a 5,000 crown (\$100) radio and

books will be given to runners-ups.

The questions to be answered include:

"Why is the Soviet Union, together with the countries of the people's democracy and the progressive forces of the world, fighting for world peace?"

"Why are the imperialists under the leadership of the United

States preparing a new world war?"

"What are the imperialists of the United States trying for in western Germany?"

"What are the Americans looking for in far Korea and what is the result of their aggression?"

"Why in the countries of the Marshall Plan and other capitalist countries is the standard of living dropping, and why is it rising in this country?"

The contest to sell propaganda against the U. S. is being conducted in an area liberated from the Germans by American soldiers.

"IT'S SO EASY TO PLACE A WANT AD"

\$216,750 Sought For Lake Cowan

Request has been made by the Division of Parks of the Department of Natural Resources of Ohio for \$216,750 for improvements at Lake Cowan in Clinton County during the next two years.

The sum of \$75,000 already appropriated has not been spent.

Sam B. Nicely, Clinton County's representative in the Ohio General Assembly, points out that the request of the Division of Parks will be pared down by the director of finance and then probably by the legislature.

Bring-back-Brown Petition Circulated Here and Sent to OSU with 200 Signatures

More than 200 Washington C. H. football fans signed a petition Wednesday afternoon asking that Paul Brown be named head football coach at Ohio State University.

A half dozen copies of the petition were circulated around town and within less than two hours the signatures were collected.

The petition states that the undersigned enthusiastically endorse the selection of Brown for the position of coach.

"We feel he is the best qualified for the position and will satisfy the fans," particularly

OSU Football TV Is Wanted By Legislature

COLUMBUS, Feb. 15 — (P) — The Ohio House of Representatives was on record today as asking Ohio State University to televise all its football games, both at home and away.

The House resolution -- passed yesterday -- hit at the TV ban by the Western Conference of which Ohio State is a member. But it carried only 39 to 36 with 60 members not voting. Most of the 60 were present, but remained seated throughout the standing vote.

The resolution, proposed by Rep. William Gernhäuser (R-Lucas), was directed at university trustees. They will get copies, but the resolution is advisory only. It has no legal effect.

That is not the case, however, with three bills now pending before the House. If any of them passes both House of the legislature and is signed by the governor, televising of the games would be mandatory.

Sugar Ray Wins From LaMotta

Loses One Crown But Gets Another

By CHARLES DUNKLEY CHICAGO, Feb. 15 — (P) — Sugar Ray Robinson today became the first man in ring history to win one championship and lose another all in the same battle.

The rhythmic New York Negro, defeated only once in 124 contests, last night won the world's middleweight championship by hammering Durable Jake Lamotta, 160-pound title holder, to defeat on a 13th round technical knockout before 14,802 frenzied spectators in the Chicago stadium.

As his right-gloved fist was raised in victory, Robinson automatically relinquished his welterweight crown. He was forced to surrender it under a ruling of the National Boxing Association and also by decision of Eddie Egan, chairman of the New York State Athletic Commission, which operates independently of the NBA.

UNDER THE TERMS of last night's match, Robinson is required to give Lamotta a return bout, probably in New York next June. However, Truman Gibson, secretary of the sponsoring International Boxing Club, wondered if Lamotta wanted to face the prospect of absorbing another beating from his conqueror.

Lamotta remained in an unfavorable condition for two hours after he walked from the ring under his own power. He was immediately administered oxygen when he reached his dressing room. He was completely exhausted and suffered chills.

Dr. J. M. Houston of the Illinois Athletic Commission and Jake's own personal physician, Dr. Philip Burnori, New York, remained in constant attendance until he was able to leave for his downtown hotel quarters with his wife, Vicki.

THE ATTENDANCE gate was \$180,619 and the net was \$138,939. The attendance exceeded expectation despite television and its estimated 30,000,000 viewers. Lamotta's share of the gate was \$62,520 and Robinson received \$20,840. Each fighter also had a TV cut of \$1,500.

The rugged Lamotta, never knocked off his feet in 95 contests, retained this dubious honor in losing to Robinson. The bout was stopped at 2:04 of the 13th round.

The "Bronx Bull" was battered into a state of helplessness which prompted Referee Frank Sikora to step between the men and order Robinson to his corner.

Jake was virtually helpless all through the 12th as Robinson stung him with blow he could punch.

Final Game For Lion Cubs At Hillsboro

The Cub cagers of WHS were winding up their season at Hillsboro Thursday afternoon -- one day late.

The tenth and last game of their schedule was to have been played in the Highland County capital Wednesday, but Cub Coach Fred Pierson checked on the travel conditions and arranged a postponement because of the ice hazard.

The Cubs, who claim the district championship after winning the 16-team junior basketball tournament here last week, rode the crest all the way through the schedule with SCO League teams.

They have won six games against SCO opposition and lost but one. Their single defeat was by Hillsboro's Papooses, 35 to 23, and that's one of the reasons they were keyed up when they left for Hillsboro right after school Thursday.

If they can win that game, they can boast of the SCO junior crown. Next year, many of these Cubs will have grown into Lions and be eligible to don the blue and white Reserve or Varsity uniforms.

American Golfers Enter Mexico Open Despite PGA Ban

MEXICO CITY, Feb. 15 — (P) — Jimmy Demaret and seven other American professional golfers teed off today in defiance of a PGA ban against playing in the \$7,500 Mexican National Open.

The first of 31 threesomes started medal play at 12 noon (EST). Demaret, of Ojai, Calif., and Tony Olgi of Mexico, another favorite, were in the last group.

The Professional Golfers' Association of the U. S. forbade its members to play in Mexico because the tournament conflicts with the PGA-sponsored Harlingen, Texas, open, which also started today. Demaret and other members of the PGA are playing anyway.

The PGA ordered its members to stay out of the tournament because it was not PGA sponsored, not a "major tournament", and conflicted with the Harlingen Open.

The U. S. state department took a hand, saying it favored U. S. participation to strengthen bonds of friendship between Mexico and the U. S.

The PGA hasn't taken disciplinary action.

Browns Sign New End

CLEVELAND, Feb. 15 — (P) — End Bob Oristaglio, formerly with the defunct Buffalo Bills and the defunct Baltimore Colts, has signed to play this year with the pro football champion Cleveland Browns.

SCO Title Game Here on Friday

Greenfield Tigers Defending Lead

The blue chips will be down in the middle of the WHS floor Friday night when the Lions cagers take on the Tigers from Greenfield in a game that will determine whether the WHS basketballers share the SCO League title with the Greenfielders or have to be satisfied with the runner-up spot.

The Tigers have lost but one SCO game, a defeat by Circleville's Tigers early in the season.

The Lions have lost two -- one to Greenfield and the other to Hillsboro.

If the Lions turn back the Greenfield boys here Friday night they will finish the SCO slate with identical records and share the throne.

PROSPECTS of a bang-up game were bright. The Tigers beat the Lions by only 3 points in their first game at Greenfield. The score was 60 to 57.

Only three more games after that one remain on the WHS schedule.

Saturday night, only 24 hours after their set-with the Greenfielders, the Lions are to entertain the boys from Dayton's Wilbur Wright High School. Next Tuesday they are to go to Delaware and then will wind up their regular season Feb. 24 -- that's a Saturday night -- with Springfield's 1950 champions and one of the top teams of the state this year as the position.

After that will come the district and sectional elimination games of the state championship tournament.

30 Indian Rookies Now at Tucson Camp

TUCSON, Ariz., Feb. 15 — (P) — Thirty baseball rookies -- each hopeful of landing a job with the Cleveland Indians -- today began showing their stuff for the Tribe's new manager, Al Lopez.

The youngsters will have the training camp to themselves for the next two weeks. Then the regulars arrive and begin getting ready for a four-game exhibition series against the New York Yankees, starting here March 10.

Daniels Urges Registration of Voters in Bill

Board of Elections
Chairman Here Is
Against Proposal

A bill introduced by Senator Albert L. Daniels of Greenfield providing for compulsory state-wide registration of voters in all counties in Ohio would not meet with much favor in Fayette County, according to an election board official.

This was the opinion of M. L. Lyons, chairman of the Fayette County Board of Elections, in a statement made Thursday morning.

Lyons said: "If the people in this county were to vote on it (registration) they would turn it down."

"We don't need registration in this county. There aren't enough people to require registration. It would be just an added expense. It's hard enough to get people out to vote without getting them out for registration too," Lyons said.

County boards of election may order county-wide registration, and for that reason Lyons' statements carry considerable import by reason of his position.

Daniels Urges Registration

Senator Daniels, who represents the 5th-6th district of which Fayette County is a part, pointed out that, under the present law, voters are required to register in cities with a population of 16,000 or more. He said that while the county boards of election may order county-wide registration of voters, only 17 counties have county-wide registration; that 18 others have only partial registration, and that registration is not required in any part of 53 counties of Ohio at the present time.

Senator Daniels stated that: "I am informed that for a number of years it has been reported to the Secretary of State that many persons have been casting two or more votes in different precincts at the same election in these non-registration counties where the voter is not required to establish his right to vote prior to the day of the election. The purpose of this bill is to put a stop to this fraudulent voting, and to help insure honest elections."

Lyons said that to his best knowledge there is no double casting of ballots in Fayette County.

Paroled Deserter

(Continued from Page One)

a speed which the officer said was 75 miles per hour.

Colwell gave chase but did not catch up with the wild driver until he had reached the Bogus Road, 2½ miles east of Washington C. H.

Makes First Dash

Colwell placed "Brown" under arrest and ordered him to follow him back to police headquarters.

Brown followed until Colwell turned off of Court Street onto North Fayette Street. Then he made a wild dash to escape.

He turned down the alley east of the Court House and drove at high speed through the alley across Market and Temple Streets and nearly crashed into two parked cars on Paint Street.

Colwell was right behind him. In backing up after he had almost crashed into the parked cars, Brown's automobile, a Chrysler,

bumped into the front of the police cruiser.

Brown then made another wild dash to escape, and finally halted near the old ice plant, where he leaped from his car and started to run, the officer said.

The officer fired two shots into the air, and Brown surrendered. He admitted having deserted from the U. S. Army and said he still was under parole.

A parole officer was notified of Brown's escapade here.

County Courts

DOG OWNER IS SUED

Albert Riffle, on claims that he was bitten and severely injured by a dog owned by Rollo Hodge, Oct. 24, 1950, has filed action in common pleas court against Hodge, asking \$1,000 damage.

Riffle, represented by F. Scott Zimmerman, states in his petition that he was bitten in the left leg, and the flesh torn so that medical treatment was necessary. He states that he suffered greatly from the injury, and also suffered partial impairment of the leg for weeks.

JUDGE IN XENIA

Judge H. M. Rankin went to Xenia Thursday on assignment to hear a case in the Greene County common pleas court, scheduled to begin Thursday morning.

INVENTORIES APPROVED

Probate Judge Rell G. Allen has approved an inventory and appraisal filed in the Harry H. White estate. Also an inventory and appraisal in the Theodore Crossen estate.

ADMINISTRATRIX NAMED

Emma L. Woods has been appointed administratrix in the estate of John Henry Woods and furnished bond of \$1,000.

NO INHERITANCE TAX

The Oliver Baughn estate has been found not subject to inheritance tax.

TO TRANSFER REALTY

Authority has been granted by the probate court to transfer real estate in the estate of Kathryn E. Taylor, as follows; one third to Cledith E. Taylor, widow; two-ninths to each of two sons and a daughter, Frank W. Taylor, Willis W. Taylor and Beatrice Blair.

HEIRS DETERMINED

In the George R. Dean estate the probate court has found the following heirs and amount of their heritage; Nell Edwards, Norwalk; Thomas J. Halloran, Cincinnati; Michael Charles Halloran, Cincinnati and Florence Minch, Midletown, each 1-12; Donald Crates, Denver, Col.; Robert W. Crates, U. S. Navy, and Patricia A. Oman, Vanlue, each 1-36.

REAL ESTATE TRANSFERS

Frank W. Taylor, et al, to Cledith Taylor, lands in survey 757, city.

Clyde W. Rannels to Theodore Brown, 20 square rods, Gregg St., city.

Driver Is Cited

John H. Jefferson, 70, of Washington C. H., was cited by a state highway patrolman Wednesday for crossing a yellow line.

Sexton Speaks To Marion PTA

Plans Made To
Serve at Sale

Col. Virgil Sexton, head of the county civil defense program, spoke to the members of the Marion PTA at their meeting Wednesday evening.

A covered dish dinner preceded the talk and was given in honor of those members of the group who are moving away.

The special guests who are moving away were: Mr. and Mrs. Everett Alleman, Mr. and Mrs. Lester Stephenson, Mr. and Mrs. Howard Somers and son Dick, and Mrs. Nellie Ellars.

A message of thanks was given to the departing members by the club president, Mrs. George Trimmer. Mrs. Trimmer then turned the program over to Mrs. Stanley Helfrich, who introduced Col. Sexton.

During the business meeting the members voted to purchase an electric roaster for the school.

Plans for serving lunch at the Four-Star Larry Hereford Sale this coming Saturday were completed.

Mrs. William Roberts, Mrs. Paul Shepard, Mrs. Earl Downs and Mrs. Cecil Knisley were selected as the social committee for next month's meeting.

Also selected for next month's meeting were members of the program committee. They are: Mrs. Wayne McArthur, Mrs. Delbert Brown and Mrs. R. C. Boyd.

Members of the group then heard a number of musical selections by some of the students of the school.

Beverly Evans and Ronnie Huff gave a musical reading, and Sandra Evans gave a recitation. Dick Somers followed with a piano solo.

Roland Chase, musical director of the school, then introduced some of his pupils. First, a clarinet trio, composed of Lora Yahn, Marilyn Writsel and Susan Dray, played.

A trumpet number by Carolyn Yahn, Ronnie Moon and David Dray was next on the program.

A group of close harmony singers from Bloomingburg sang the final number on the program. The singers were Dede Foster, K. O. Rhoades, Ronald Lee and Bob Morris. They were accompanied on the piano by David Foster.

Mrs. Charles Duff was in charge of the evening's entertainment.

Car Skids and Hits Culvert Near Staunton

Archie D. Rose, 18, of 737 Leesburg Avenue, narrowly escaped with his life about 9:30 o'clock Thursday morning, when the car he was driving skidded into a concrete culvert.

The accident occurred on the Leesburg Road just north of the intersection of the Anderson and Buena Vista Roads, a mile south of Staunton.

Rose, driving a car owned by Jack Mossbarger, was headed toward Washington C. H. when the car started skidding as he made the curve at the intersection of the three roads. It finally swung sideways, and the rear portion crashed into the concrete culvert, badly demolishing the vehicle.

Rose escaped with a severe shaking up and minor bruises. State Highway Patrolman M. E. Brinkley investigated the wreck.

'Love Fraud' Is Uncovered

Chillicothe Man,
Wife Are Held

A Chillicothe man and his wife have been held to the Ross County Grand Jury on charges of victimizing an elderly widower of \$3,500.

They are John Keiser, 40, and his wife, Frances, both known in Fayette County.

The victim is Wilson Steinbrook, 72, of Chillicothe, who told Chief of Police A. R. Pool, Chillicothe that Mrs. Keiser "made love" to him and promised to divorce her husband and marry him.

He said she obtained \$300 for a divorce in Chillicothe; \$500 for one in Columbus and \$550 for a third in Reno, Nev., but she failed to get a divorce.

Steinbrook said he also gave the woman an additional \$450 for a surgical operation and other amounts for smaller bills.

Mrs. Keiser told the court she accepted only \$850 from Steinbrook and denied any "love making". Keiser, who is unemployed, said he knew nothing about his wife's affair with Steinbrook.

NEW SCHOOL HEAD

WILMINGTON — Robert Emery has been named superintendent of the Clarksville Schools, succeeding Clifford Camp, who resigned to become superintendent at Sharonville.

Rev. McGarrity read the hymns, Scriptures, offered prayer and delivered the sermon.

The services were largely attended and there were many lovely floral tributes. The flowers were cared for by the pallbearers, who were, William Lucas, William Allen, Jesse Briggs, Harvey Andrews, Wendel Lauderman, and Walter Cesslar.

Interment was made in the New Holland Cemetery.

LACK of exercise, dry feed, no succulent pasture—this time of year cows tend to develop clogged systems. A cow or two off feed plays hob with milk checks.

In the Research Farm work with Dr. Hess Stock Tonic, the Tonic cows always have better production records. One of the significant reasons for this is that the Tonic cows

seldom go off feed and off production. Stock Tonic provides tonics that stimulate appetite. This is especially important right now. It also supplies essential minerals and vitamin D, the sunshine vitamin.

Try Stock Tonic in your herd and there's no time like the present. We have this and other Dr. Hess Products in quantities to supply your needs.
